Summary

Technology has never been a barrier for me.

Full Stack Lead with 6 years of experience.

Experienced in managing a team of 50+ developers.

Experience

EY | Vancouver, British Columbia

Full Stack Developer Level 3 | 04/2022 - Present

I'm working with EY Canada on a Contract basis.

My roles and responsibilities cover Technical architecture design and the development of complex requirements with Full stack technologies and cloud platforms.

Simform Solutions Private Limited | Ahmedabad, Gujarat

Team Manager | 06/2018 - 05/2022

My responsibility was to manage the full-stack team.

I was awarded best mentor of the year in 2020.

I worked on the growth, training & allocation of teams according to their skill sets.

I am also participating in the pre-sales estimations and understanding of the project to suggest the best solution.

I actively participate in the hiring process too.

Intuz Solutions Private Limited | Ahmedabad, Gujarat

Cloud Engineer | 05/2016 - 06/2018

I was a cloud engineer at Intuz.

I won a company-level hackathon in 2018.

My major role was to work on a product based on AWS cloud platform billing optimization.

I majorly worked with Node, Angular, Electron, and AWS.

Skills

Architecture Design, Full-Stack Development, Node.js, AWS, JavaScript and TypeScript, Team Management, SQL, Estimation, Interviewing, Third Party Services

Education

Saffrony Institute Of Engineering And Technology | Mehsana, Gujarat

Bachelors in Information & Technology | 05/2016

I was very good at programming and analytical skills during my bachelors.

I completed my bachelors with distinction.
